

TO: All Mohawk Students
DATE: Monday February 8th, 2010
FROM: Alan Griffiths, President, Mohawk Students' Association
SUBJECT: "Time is ticking...Tell Faculty how you feel" Campaign

As many of you already know, a final offer vote of the faculty is fast approaching. This Wednesday, February 10th, all faculties from all Ontario colleges will be voting on the final offer made by the Council (organization representing all Colleges). The results from this vote in essence will determine whether or not the faculty will strike. The Mohawk Students' Association continues to stand by their commitment to keep all Students informed with the latest up-to-date information, but feel it is time for change.

Throughout this entire process we have provided students with updates from both parties, representing all Colleges and all College Faculties. We here at the Mohawk Students' Association believe that it's time for the student of Mohawk to express their individual opinions.

Tomorrow the Mohawk Students' Association will be launching a campaign asking all students, to respectfully express their opinions to their faculty on the possible strike.

The ***"Time is ticking...Tell Faculty how you feel"*** campaign will encourage all Mohawk Students, to give their individual opinions to their faculty members, saying what this possible strike means to you and how a strike will affect your education.

We know that many students have different opinions on the possible strike and this is why we are encouraging all 11, 500 plus Mohawk students to spread your individual message.

The Mohawk Students' Association will be releasing final offer vote results as we receive them. Until then, we encourage all students to make their voice heard in a respectful and appropriate manner.

We strongly encourage all students to continue to keep informed and to contact the Mohawk Students' Association for further information.

Sincerely'

Alan Griffiths
President
Mohawk Students' Association
